SWECO GROUP

Sweco plans and designs the sustainable communities and cities of the future. Together with our clients and the collective knowledge of our 21 000 architects, engineers and other experts, we co-create solutions to address urbanisation, capture the power of digitalisation, and make our societies more sustainable. Sweco is Europe's leading engineering and architecture consultancy, with sales of approximately SEK 24 billion (EUR 2.2 billion). The company is listed on Nasdaq Stockholm.

SWECO POLAND

Sweco Poland offers its clients consulting and engineering services for all stages of the project implemented on the following markets: transport, water, environmental protection, energy and building construction. Our activity focuses on three main areas: consulting, designing and supervision, and the network of offices located in the largest cities in the country enables the implementation of projects in every corner of Poland.
